High Quality LED Lamps

The LED lamps used in outdoor displays have high brightness and color consistency, as well as anti-UV and moisture-proof properties, ensuring a long lifespan. The use of matte encapsulation enhances color balance, and an all-black housing increases contrast ratio.

Specifications

This transparent LED screen is a fixed, hanging installation that is easy to install with modular connectors for cabinets. Modules and PCB strips can be disassembled independently for quick maintenance.

Model	LED	Pixel Pitch	Cabinet size (WxH)(mm)	Cabinet Resolution	Transparency	Brightness(CD/㎡)
XRL3.9	SMD1921	3.91 x 7.82	1000 x 1000	256 x 128	76%	5000-6000
XRL8	SMD1921	7.82 x 7.82	1000 x 1000	128 x 128	76%	5000-6000
